< (Web-EDI) Accessed Record >

The screenshot shows a web browser window titled "u-DIEX - Microsoft Internet Explorer". The page header includes "u-DIEX Web-EDI" and "Logon Information" with "User ID : SEKKEI0001" and "Name : Taro Sekkei". A navigation menu on the left lists folders like "Part Estimate Service", "Requests", "Replies", "keep_request", "Saved request", and "Welcome". The main content area features a "Current Address" field with the value "/Part Estimate Service/Replies". Below this is an "Accessed Record" section with a "Display Contents:" dropdown set to "All" and a "Display" button. A "Reset" button and a "Move up" button are also present. A table with the following structure is displayed:

all	Name	Recent User	Access Date	Function Performed
<input type="checkbox"/>	Estimate_reply.xls	---	---	---

A red box highlights the table, and a black callout box with the text "(3) Latest accessed record is displayed." points to the first row. The footer contains links for "Main Menu", "Web - EDI TOP", "E-mail Notification Setup", "Personal History", and "Manual", along with the text "PRODUCED BY TOYOTA DIGITAL CRUISE INC." and a status bar showing "Done" and "Internet".
